

SHOWA S-TEX 541

Reinforced with a stainless steel liner, our patented Hagane Coil technology, and a polyurethane palm coating, the 541 cutresistant glove hides grime while providing top of the line defense against cuts and lacerations. The ergonomic design and seamless liner reduces hand fatigue and prevents irritation during long periods of wear. Polyurethane coating is lightweight, flexible, and provides maximum dexterity and grip.

BENEFITS

- Cut-resistant
- Breathable
- Form-fitting
- Seamless knit
- · Abrasion-resistant

INDUSTRIES

USER INSTRUCTIONS

Gloves provide protection from chemical and mechanical hazards shown. Do not use gloves that show signs of wear. If required, cleanse outer surface of glove with running water. Discard used gloves in compliance with local regulations. Do not wear gloves when there is a risk of entanglement by moving parts of machines.

DISCLAIMER

The descriptions, characteristics, applications and photos are given for information purposes and do not constitute a contractual commitment. The manufacturer reserves the right to make any modifications it deems necessary.
