

SHOWA 7066R

As well as providing superb cut and abrasion resistance, the SHOWA 7066R general-purpose glove provides an excellent barrier to a range of workplace hazards. The rough surface grip provides excellent wet grip and added wear. The impermeable nitrile coating prevents oil and grease from entering the glove. An open-back design and cotton jersey liner ensure breathability and optimum comfort during long periods of wear.

BENEFITS

- Robust durability
- Abrasion-resistant
- Flexible
- Oil-resistant
- Impermeable

FEATURES

- Nitrile palm coating
- Rough grip
- Cotton liner
- Reinforced safety cuff

USER INSTRUCTIONS

Gloves provide protection from chemical and mechanical hazards shown. Do not use gloves that show signs of wear. If required, cleanse outer surface of glove with running water. Discard used gloves in compliance with local regulations. Do not wear gloves when there is a risk of entanglement by moving parts of machines.

DISCLAIMER

The descriptions, characteristics, applications and photos are given for information purposes and do not constitute a contractual commitment. The manufacturer reserves the right to make any modifications it deems necessary.
