

SHOWA 55

Designed for handling hazardous acids and other volatile substances, SHOWA 55 chemical resistant Natural rubber glove provides heavy-duty protection for your hands and wrists. The bisque surface grip ensures maximum precision when handling wet components and substances. A two-colored construction serves as a wear-indicator for added protection and resistance.

USER INSTRUCTIONS

Gloves provide protection from chemical and mechanical hazards shown. Do not use gloves that show signs of wear. If required, cleanse outer surface of glove with running water. Discard used gloves in compliance with local regulations. Do not wear gloves when there is a risk of entanglement by moving parts of machines.

DISCLAIMER

The descriptions, characteristics, applications and photos are given for information purposes and do not constitute a contractual commitment. The manufacturer reserves the right to make any modifications it deems necessary.
